Why do you want to serve as an ABoR director?

I would like to serve as an Austin Board of Realtors director because I want to be part of a change and be able to help create a more inclusive board where our main purpose is to serve our entire community. I want to help create policy changes to empower Austin's residents to build a better future for them and their families.

I would like to collaborate with the board by advocating and finding ways to help Realtors solve current and new challenges in the real estate field.

Our city is facing unprecedented challenges and our community needs leadership to help overcome those issues. As an Austin Board of Realtors director, I am aiming to collaborate with the board through innovation, fresh ideas and new approaches, and by providing the necessary tools to engage our community with the goal of providing outstanding services for our members and our community in general.

As an Austin Board of Realtors director, I would advocate to make the Board an even more accessible and welcoming organization for all realtors, regardless of their backgrounds because through our members we engage with our community. Thus, I would like to create a well diverse board with the input and points of view from a diverse group.

What do you do in your personal time? Do you have any hobbies?

Some of the activities I enjoy during my personal time are traveling, volunteering, practicing yoga, biking, dancing, acting, and learning new things in general, but overall, I enjoy spending time with my dog.

Traveling is one of my favorites activities because it gives me the opportunity to see new places and meet new people. Traveling is such a fulfilling experience to me because it enriches me as a person since I get the opportunity to engage with people that are different than me and I learned so much from

them.

Volunteering is one of my favorite activities because it is a way for me to give back to my community, it is a way to engage with people and help on whatever I can. It is my way to show solidarity.

Through dancing and yoga, I am able to connect with my body and I feel I recharge my spirit with good vibes.

I enjoy biking because it makes me feel free and acting is an activity that I have practiced for many years and I have been lucky enough to have been chosen to give life to different characters.

Spending time with my furry baby, Remi, is the most rewarding activity after a long day of hard work!
