**Why do you want to serve as an ABoR director?**

As the real estate industry continues to cope with disruptors and businesses attempting to commoditize the role of brokerage services, now more than ever is the time to advocate for our profession. Our clients need us and depend on us to help them navigate their real estate transactions. I want to elevate our industry through enhanced professional development, advocate for our community, and be an essential resource for our members and the public. Through embracing innovation, being agile as an organization, and delivering essential market data to our members, we can continue to elevate our profession and navigate these waters together. Thinking strategically and working collaboratively are my strengths and I look forward to serving the Austin Board of Realtors.

**What do you do in your personal time? Do you have any hobbies?**

In my personal time, I enjoy spending time with family and friends, being outdoors, on the lake, on the

hike and bike trail, exercising, traveling (when possible), and supporting my kids' athletics, arts, & interests. When life gets quiet, I enjoy yoga, reading, and learning.
