Currently sit on the Audit Committee

Why do you want to serve as an ABoR director?

Originally I decided to serve in an effort to not only educate myself and my agents in my brokerage at a higher level, but also in an effort to protect our profession. There is much work that still needs to be done to combat the external forces trying to eliminate real estate agents. Now that I have served on the board for a few years I realize all of the important work that I have contributed to and all the work still to do. I would like to continue my efforts in helping make our organization one that not only serves the betterment of our industry but all the betterment of our community.

What do you do in your personal time? Do you have any hobbies?

I have two children: Hayden age 20 and Makenna age 13. They are my primary hobby. Beyond them we love to go to the movies, travel and I love to read and quilt.
