Why do you want to serve as an ABoR director?

I have greatly enjoyed serving on a variety of committees that have taught me countless skills & lessons to better my business and our industry as a whole. Serving on volunteer boards & committees has introduced me to so many different people in our industry that have become invaluable resources, colleagues and friends. Real estate is collaborative in nature, and I believe will that being collaboration & cooperation will

be the pillars of our industry moving forward. After five years serving on the local YPN board, I am interested in taking the next step to being a part of the decisions being made at the local association level, especially as a young professional representative.

What do you do in your personal time? Do you have any hobbies?

When I am not working, I enjoy exploring one of the many wonderful parks around Austin with my husband and our rescue pup, Cooper, or finding the next best spot for queso & margs with friends.
